MARKED-UP VERSION

14. (Amended)   A film having at least one layer comprising a polymer blend [as claimed in claim 1.] where the polymer blend comprises:
          a coherent phase made from an aliphatic and/or semiaromatic (co)polyamide and, dispersed therein,
          a phase made from an olefinic polymer, wherein the olefinic polymer is an olefin block copolymer grafted with intramolecular carboxylic anhydrides.
